IN MEMORY

DAVID BRENT FITZPATRICK

1974-1991

May he always walk in sunshine
And our love around him flow.
For the happiness he gave us
We will remember and always know.
It broke our hearts to lose him
But he did not go alone
A part of us went with him
The day God called him home.
A million times we've needed him
A million times we've cried,
If love could only have saved him
He never would have died.

David was a good friend to many of us in the class of '93. When he wasn't busy putting together a 4-Wheeler, or building something else, he was sharing our good times, and living it up with the rest of us. We can't see him but we know he's here. It feels good knowing that he's up there on our side.

David, many people come into our lives and leave footprints on our hearts and we can never forget them. You are one of those people. We love you David, we are always thinking about you!

DEDICATION 1993

**Mr. William S. Wassel, Principal
December 1980-March 1993**

The Class of 1993 proudly dedicates our year book to Mr. William S. Wassel who leaves Middleboro High School to become principal of Braintree High School.

Mr. Wassel assumed the leadership of M.H.S. when most of us were in kindergarten. He guided the school through the "good" years and the "lean" years always striving to preserve the best education for each of us.

As we leave together we wish him the same happiness and success that he so often has wished for us.

DR. MICHAEL S. IPPOLITO
Superintendent of Schools

MESSAGE TO THE CLASS OF 1993

To the Class of 1993, you have achieved one of the major milestones of life. As a high school graduate, you have earned one of several credentials necessary for success. You must now move on from here to the next level of your preparation to enter the world of work and society.

Unfortunately, the challenge before you is greater than any ever faced by Middleborough students. The traditional paths to a life of rewards and comfort have changed dramatically in recent years. Diplomas, degrees and post high school training no longer automatically guarantee entry into the American Dream.

Competition for success will be keen and fierce. Hard work, intestinal fortitude and perseverance can be key elements in identifying the differences among the competitors. The final outcome will truly rest with your ability to cope with the challenge, and your willingness to strive harder as the task at hand becomes more difficult.

However, remember you are not alone. Your parents, family and teachers can provide the support which will make even the most difficult endeavor a worthwhile and rewarding accomplishment. Also know, my best wishes and thoughts go with you! The Class of 1993 and all Middleborough graduates are a constant source of pride to our community and schools.

Michael S. Ippolito, Ed.D.
Superintendent of Schools

Dear Seniors:

As you look back at your career at Middleborough High School, I sincerely hope that you feel that they were productive years which have been a catalyst in setting the direction you will take for the rest of your lives.

Our faculty and staff truly care about your success and have done all they could do to make you realize your potential.

I freely submit my appraisal of you as a class. There is no doubt that you have left your mark on our school and it will be an example for future classes to follow. Your individual accomplishments coupled with what you have done as a group has set you apart from many classes in the past.

Congratulations and may you find happiness and prosperity in the future.

Where the Roads Come Together

None of us is born the same,
We don't know why; it's the way we came.
Every heart beats a little differently. Each
soul is free to find its way,
like a river that winds its way to the sea.
For life is a journey and there are many roads
beneath the sky, and there
are many good people who don't see eye to
eye.

Not every man can sing your tune; from
where he stands there's another view.
With every turn we're learning more and
perhaps we'll find that the walls
we build are only, are only in the mind.
There are many roads to go and they go by
many names.

They don't all go the same way but, they get
there all the same —
and I have a feeling that we'll met someday,
where the roads come together
up the way.

To our daughter Melissa. You are very special to us. We are very proud of the many **achievements** you have made in your life. You have always worked so hard in everything you were involved in, including school, Rainbow and your many other adventures. We know that you will continue to work hard in your college years and make all the right decisions. We were especially proud when you were inducted into the "National Honor Society!" You certainly deserved it after all the pressure you had on your shoulders for the past few years. Melissa, you know that we will always be there for you and will back you on all your decisions. Don't ever be afraid to come to one or both of us for anything. We hope all your dreams come true. We know that you'll succeed in whatever you do.
